### ***Inteck Expands and Relocates***

**DENVER, COLO., May 16, 2005** — Inteck, an information technology (IT) consulting firm for the healthcare industry, has relocated to 4600 S. Ulster Street, Suite 700 Denver, Colorado 80237. Additionally, Inteck has added two new faces to the company: John Bednarski, Senior Consultant and Laura Carter, Senior Lab Consultant.

Mr. Bednarski has over 20 years of healthcare experience and has played a leading role within several clinical applications for multi-hospital, multi-state client/server implementations. He holds a Associate's in Science and has been a core team leader for several clinical application teams, including order entry, patient care system (nursing), e-MAR, enterprise medical record, provider order management, and corporate management software. He has worked on projects relating to customer design, implementation, training, and maintenance of these clinical modules.

Ms. Carter has been in the health care field for 16 years. She holds a Bachelor's Degree in Medical Technology and has 14 years experience as a Medical Technologist and 8 years of experience with the Meditech system. Her experience as a Medical Technologist on all shifts and in all departments of the Laboratory brings a critical element into the implementation and/or optimization of the Meditech system into the hospital.

Since 1982, Inteck has provided IT consulting services to the healthcare industry. Inteck specializes in aligning an organization's IT plan with its vision and business plan. Inteck provides services in the area of optimization and enhancement of existing systems; strategic and tactical IT planning; system implementation; assessment and evaluation; and facility management and outsourcing. Inteck also provides a complete set of services that support most hospital information system vendors. With staff located nationwide, Inteck employs healthcare information specialists, clinicians, chief information officers and healthcare professionals.
